building today for a better tomorrow

For construction schedules, visit www.greatersudbury.ca or telephone 671-CITY.

This summer, the City of Greater Sudbury will embark on the largest road construction program in its history. More than 100 road bridge and renovation improvement projects - with a combined value of close to \$55 million - will begin this season. Motorists are reminded to drive courteously and to reduce speed when approaching work zones. Construction today will be rewarded with smoother roads, better traffic flow and sustainable infrastructure tomorrow.
